Section 1: General Information and Purpose of this Proposal

Part A. - General Information

The Western Indiana Workforce Development Board, Inc. (WDB) is a 501(c) 3 corporation. The Workforce Innovation and Opportunity Act (WIOA) authorizes and charges local workforce development boards with policy development, strategic planning, and financial stewardship of workforce Development and development of the authorized Economic Growth Region (EGR) that it serves. The Western Indiana Workforce Development Board, Inc. has been designated by County Local Elected Officials to act as the fiscal agent for the WIOA programs in EGR 7.

Economic Growth Region 7 is composed of Clay, Parke, Putnam, Sullivan, Vermillion, and Vigo counties in Western Indiana. The population of the region is 225,505. There are 109,811 workers are employed in Region 7. The region has a very diverse economy which helps ensure greater economic stability at those times when individual sectors are hit by severe economic downturns. The workers of the region are known for having a very strong work ethic, leading to employers ratings of high productivity. Regarding past WIOA performance, which very much impacts the regional economy, Region 7 is consistently very successful. In fact, Region 7 was the only region in Indiana in PY'14 to not only meet, but exceed every WIOA performance measure. This speaks highly to the partnerships and collaborative spirit of Region 7.

Income remains lower in EGR 7, when compared to Indiana or the U.S. Earnings are especially low in the population center of Vigo County, which most heavily reflects this transition from manufacturing jobs to a lower paid service economy. The combination of lower skilled and lower paying jobs, together with the availability of extensive social services in the urban hub of Terre Haute, results in a concentration of low income individuals and families that is reflected in overall lower median earnings across education levels for Vigo County compared to all other counties in Region 7, except Parke County.

The region's primary employment sector is government. While Region 7 is home to Indiana State University, which is a large public institution, the vast majority of individuals employed by the government in the region are employed in one of three state prisons and two federal prisons within the six county area. A number of employees working in the prison system serve as corrections officers. Majors in criminology are offered in area colleges and universities and many people are hired for these positions based on their military experience, which helps meet the demand for this highly needed occupation.

Nearly eighteen percent of the region's workers are employed in the diverse manufacturing base. While the percentage of population employed in the manufacturing sector in both Indiana and in Region 7 is still among the highest in

the U.S., it has diminished considerably since the sector's peak (across the nation) in 1988. Even as recently as 2007 to 2013, Indiana's Manufacturing Sector lost 57,800 jobs (U.S. Bureau of Labor Statistics). Unfortunately, this means many well-paid jobs that were accessible without the need for some form

of advanced education have also disappeared. It is therefore urgent that we continue to build a demand-driven system; one which meets the needs the business and provides workers with high wage-high demand jobs.

On July 22, 2014 President Obama signed into law the Workforce Innovation and Opportunity Act (WIOA). The WIOA supersedes the Workforce Investment Act (WIA) of 1998. WIOA is designed to improve and streamline access to federally funded employment, education, training, and support services. The enactment of WIOA also provides an opportunity to reforms to ensure the One-Stop delivery system is job-driven, responding to the needs of employers and preparing workers for jobs that are available now and in the future. WIOA took effect July 1, 2015. More information on WIOA can be found at <http://www.doleta.gov/WIOA>

Western Indiana Workforce Development Board's vision is to expand regional economic opportunity and economic growth through the availability and employment of a highly skilled workforce, based largely on creating a demand-driven regional workforce system. The EGR 7 Local Plan, along with further information about the region, can be found at www.workonewest.com.

The Western Indiana Workforce Development Board also strongly supports Indiana's Department of Workforce Development (DWD) workforce vision and goal that at least 60 percent of Indiana's workforce will have the post-secondary knowledge, skills, and credentials demanded within Indiana's economy by 2025.

The state plan can be found at http://www.in.gov/dwd/files/WIOA_State_Plan_2017.pdf

Region 7 has one comprehensive WorkOne site located in Vigo County and five affiliate sites in each of the remaining counties. The affiliate sites are staffed by the WIOA service provider. The service delivery model is demand driven. It requires, as applicable, dual enrollment of all job seeking customers into both Wagner Peyser and the WIOA program. The delivery model also encompasses RESEA, Adult Basic Education, Trade Act Adjustment, Unemployment Insurance and Veterans' Service customers. Businesses utilize the one-stop centers for recruitment, Work Keys assessments, hiring, and retaining an outstanding workforce.

The selected bidder will work closely with the Executive Staff of The Western Indiana Workforce Development Board in order to ensure fruition of the Board's vision of seamless, integrated, holistic service delivery. Region 7 is always striving for continual improvement of service delivery to our customers. A great deal of value is placed on recruitment, innovation and initiative in the system. It is imperative that the system be able to respond quickly to shifts in employer and

skill demands, while providing services to a large number of job seekers effectively and efficiently.

Part B. – Purpose of this Solicitation

The purpose of this RFP is for the Western Indiana Workforce Development Board, Inc. to identify and select a qualified One-Stop Operator for EGR 7. The WDB defines One-Stop Operator services as the coordination of the service delivery of required partners and service providers within the One-Stop system. The coordination shall, at a minimum, include the following responsibilities:

- Coordinate the service delivery of required One-Stop partners and service providers with a focus on ensuring that all One-Stop partners and providers share common goals around access, customer-focused service delivery, and quality;

NOTE: An entity serving as a one-stop operator, that also serves a different role within the one-stop delivery system, may perform some or all

of these functions when it is acting in its other role, if it has established sufficient firewalls and conflict of interest policies and procedures. Those policies must conform to WIOA regulations for demonstrating internal controls and preventing conflict of interest.

One-Stop Operator Scope of Services may not include:

- Providing services in order to obtain and retain employment, such as comprehensive assessment, IEP development, group and individual counseling, career planning, short term pre-vocational services, internships and OJT, work preparation, financial literacy, out of area job search, etc.; and,
- Providing follow-up services.

Further, the One-Stop Operator will not function in any managerial capacity in regard to the day-to-day operations of Service Provider or One-Stop partner offices.

The funding for One-Stop Operator services shall not exceed \$30,000.00 annually.

The WDB does reserve the right to adjust this provision as needed.
